

# East Renfrewshire Council Participation Requests

**Annual Report  
2017-2018**

## **Background**

Part 3 of the Community Empowerment (Scotland) Act 2015 requires a number of bodies to create a process where community groups can enter into a discussion with a public service about improving a specific outcome.

In April 2017, East Renfrewshire Council agreed its [Framework for Participation Requests](#). The Framework provides details as to how community groups can enter in a discussion with the Council about improving outcomes in a specific service area.

East Renfrewshire Council is required to prepare and publish a report each year detailing

- Any action taken by the public service authority to promote and support groups to make participation requests.
- The number of participation requests received
- Whether the requests accepted or rejected
- The number of requests which resulted in changes to service delivery

## **Promotion**

East Renfrewshire Council has promoted information about Participation Requests through the Council's website. The page provides information about the Participation Request process and includes an email address and phone number for information and support.

## **Participation Request Activity 2017-18**

<b>Participation Request – 1 April 2017 to 31 March 2018</b>
