EAST RENFREWSHIRE INTEGRATION JOINT BOARD**PERFORMANCE AND AUDIT COMMITTEE****26 June 2024****Report by Chief Financial Officer****IJB STRATEGIC RISK REGISTER UPDATE****PURPOSE OF REPORT**

1. This report provides the Performance and Audit Committee with an update on the IJB Strategic Risk Register.

RECOMMENDATION

2. Performance and Audit Committee is asked to note and comment on the IJB Strategic Risk Register.

BACKGROUND

3. In accordance with the agreed monitoring policy this report provides the Performance and Audit Committee with an update on the strategic risk register.
4. Good practice in the area of risk management suggest that a risk register should contain between six to eight of the most significant risk to make it a useful working document.
5. The risk register uses a simple, clear and effective 4 x 4 likelihood and severity risk matrix as shown below.

Likelihood	Score								
Certain	4	Low (Green)	Medium (Yellow)	High (Red)	High (Red)	High (Red)	High (Red)		
Likely / probable	3	Low (Green)	Medium (Yellow)	Medium (Yellow)	High (Red)	High (Red)	High (Red)		
Possible / could happen	2	Low (Green)	Low (Green)	Medium (Yellow)	Medium (Yellow)	Medium (Yellow)	Medium (Yellow)		
Unlikely	1	Low (Green)	Low (Green)	Low (Green)	Low (Green)	Low (Green)	Low (Green)		
Impact		Minor	1	Significant	2	Serious	3	Major	4

6. In normal circumstances the policy states the tolerance for risk is as follows:

Risk Score	Overall rating
11-16	High/Red/Unacceptable
5-10	Medium/Yellow/Tolerable
1-4	Low/Green/Acceptable

REPORT

7. The Strategic Risk Register is a 'live' document; the latest version is attached at Appendix 1.
8. The Strategic Risk Register was reported to the last meeting of the Performance and Audit Committee which took place on 22 November 2023. Since last reported:-
 - No new risks have been added
 - 1 risk has been removed (Failures within IT system)
 - 2 risk scores have changed (Care at Home and Workforce)
 - 1 risk remains red post mitigation (Financial Sustainability)
9. Risk control measures have been reviewed and updated to reflect any proposed mitigation which has been completed, or where the expected date for completion has been extended.
10. In addition, members are asked to note the following:-

Death or Significant Harm to vulnerable individuals (1)

11. This has been updated to reflect the current risks within our health visiting workforce and reduced delivery of the universal pathway. We have implemented our modified pathway which means that the majority of our core families will receive 7 out of the minimum 11 visits therefore have reduced opportunity to identify additional needs, such as neurodevelopmental issues as well as child protection or domestic violence.
12. For all additional families and children with a health plan indicator the minimum of 11 visits will continue.

Scottish Child Abuse Inquiry (2)

13. We have updated the risk description to include reference to long stay hospitals as we have been informed that evidence will soon be heard in connection to Lennox Castle hospital part of inquiry into historic child abuse. Lennox Castle was a long stay institution for people with learning disability which closed in 2002. As East Renfrewshire is the lead for learning disability inpatient services, the Chief Officer and Head of Adult Services: Learning Disability and Recovery will be supporting the Board in the next stages of this. Further information will be available in due course

Workforce Planning and Change (8)

14. The scoring has been amended as there was an error in the previous report.

In-house Care at Home Service (11)

15. The risk score has been increased to reflect the current demand and other pressures on the service. The description and mitigating factors have also been refreshed. This has increased from an 8 to a 12 with the risk control measures currently in place, and post mitigation increased to 8 from 6. This means the risk remains amber.

Failures within IT System (12)

16. The Failures to IT risk has been removed as this largely related to a particular issue which is currently stable. As the Business Continuity Risk includes an element of IT, we feel there is no longer a requirement for an individual risk in relation to this.

Business Continuity, Covid-19 and Recovery (13)

17. We are in the final stages of transferring HSCP Business Continuity Plans onto the new templates. Given capacity constraints the timeline has been extended to September 2024, however every service has a current plan.
18. Whilst we have a small cohort of trained Council Incident Officers and Care for People Managers we recognise the benefits of increasing the number and we will look to identify further Officers.
19. Implementation of the new case recording system is progressing well, however this is time critical as any delays would have a significant impact. The new system will be cloud based which reduces our reliance on the Council network availability.

Post Mitigation - Red and Significant Risks Exception Report

20. Risks which score between 11-16 and rated as High/Red/Unacceptable and those which the Health and Social Care Partnership Management Team considers significant, following mitigation, should be brought to attention of the Performance and Audit Committee by an 'exception report'.

Financial Sustainability

21. There remains risk that the HSCP could become unsustainable due to any of the following causes:
 - Unable to deliver required savings on a recurring basis
 - Unable to remain within operational budget as a result of demand and capacity pressures
 - Unable to influence future funding to recognise demographic and other pressures, or realise future efficiencies and savings
 - Implications from hosted services should current arrangements change
 - Prescribing volatility
 - Diminished reserves limit flexibility
22. Discussions with both partners will remain ongoing not only recognising the audit recommendation around financial sustainability but also to focus on financial recovery following the non-recurring support for 2023/24.

RECOMMENDATIONS

23. Performance and Audit Committee is asked to note and comment on the IJB Strategic Risk Register.

4	C	<p>Financial Sustainability</p> <p>Risk of being unsustainable due to one of the following causes:</p> <p>1) Unable to deliver in full the existing savings and achieve new savings to deliver a balanced budget and/or unable to meet demand pressures for statutory services. This is further impacted by the diminished earmarked reserves held.</p> <p>2) Unable to influence future funding to recognise demographic and other pressures, or realise future efficiencies & savings.</p> <p>3) Unable to meet financial pressures within prescribing, including influence of GP prescribers, including demographic changes, economic and distribution factors.</p> <p>4) Financial Impacts relating to Brexit and other wider economic issues. Financial risks relate to staffing, purchase of care, drugs, equipment, consumables and food and utilities/other inflation</p> <p>5) Financial risks relating to Covid-19 following cessation of support funding. For example staff cover in any service where an outbreak of the virus impacts on capacity. The longer term financial impact is unclear</p> <p>6) Complexity of funding sources with some allocations late in the year and some instability from non-recurring funding.</p> <p>7) Diminished earmarked reserves meaning there is no flexibility to allow us to deal with prescribing and other cost volatility in any one year. We do have very specific reserves to support ringfenced activity only.</p>	<p>The CFO provides regular financial advice and reporting to IJB, including savings progress and operational cost pressures.</p> <p>Budget seminars are held with IJB Members.</p> <p>The regular budget updates and medium term financial plan set out funding pressures and scenarios. The HSCP is involved in various financial discussions with partners in relation to funding and budget contributions as well as financial recovery for 2023/24.</p> <p>Medium Term Financial Plan (latest revision June 2023) Regular monitoring, reporting and seminars ensure the IJB is aware of the most current factors.</p> <p>A local network and the National CFO Section meeting provide a discussion and decision making forum for wider issues impacting on partnerships, including areas such as prescribing, hosted services, savings challenges and cost pressures from service delivery.</p> <p>Review of hosted services is ongoing and this is a longer term review across all six HSCPs within NHSGGC.</p> <p>Ongoing monitoring of wider economic factors and inflation impacts.</p>	3	4	12	<p>Monitor hosted service arrangements – ongoing and longer term.</p> <p>Refresh Medium Term Financial Plan for any significant changes following agreed budget for 2024/25</p> <p>Continue discussions with both partners in relation to funding and financial performance and service outcomes and focus on savings delivery.</p> <p>Implement actions from local prescribing action plan – new plan for 2025 includes local and GGC wide prescribing initiatives</p>	31/03/2025	June 24	Ongoing	31/03/2025	3	4	12	Chief Financial Officer
