# **EAST RENFREWSHIRE INTEGRATION JOINT BOARD**

# **25 September 2024**

# **Report by Chief Financial Officer**

# IJB STRATEGIC RISK REGISTER ANNUAL UPDATE

### **PURPOSE OF REPORT**

1. This report provides the Integration Joint Board with an update on the IJB Strategic Risk Register.

### **RECOMMENDATION**

2. The Integration Joint Board is asked to note and comment on the IJB Strategic Risk Register.

### **BACKGROUND**

3. Good practice in the area of risk management suggest that a risk register should contain between six to eight of the most significant risks to make it a useful working document. The risk register uses a simple, clear and effective 4 x 4 likelihood and severity risk matrix as shown below.

| Likelihood            | Score |            |    |               |     |            |       |                |    |  |  |
|-----------------------|-------|------------|----|---------------|-----|------------|-------|----------------|----|--|--|
| Certain               | 4     | Low (Green | า) | Medium (Yello | ow) | High (Red  | d)    | High (Red)     |    |  |  |
| Likely/probable       | 3     | Low (Green | า) | Medium (Yello | ow) | Medium (Ye | llow) | High (Red)     |    |  |  |
| Possible/could happen | 2     | Low (Green | า) | Low (Green    | )   | Medium (Ye | llow) | Medium (Yellow |    |  |  |
| Unlikely              | 1     | Low (Green | า) | Low (Green    | )   | Low (Gree  | en)   | Low (Green     | i) |  |  |
| Impact                |       | Minor      | 1  | Significant   | 2   | Serious    | 3     | Major          | 4  |  |  |

4. In normal circumstances the policy states the tolerance for risk is as follows:

| Risk Score | Overall rating          |
|------------|-------------------------|
| 11-16      | High/Red/Unacceptable   |
| 5-10       | Medium/Yellow/Tolerable |
| 1-4        | Low/Green/Acceptable    |

### REPORT

The Performance and Audit Committee receive updates on the IJB Strategic Risk Register at each meeting. Any additions, deletions and changes to the register are reported to the Performance and Audit Committee detailing the reason for each change. A brief summary of the main changes since the Strategic Risk Register was last reported to the IJB in September 2023 are included in this report, however the full audit trail is detailed in the individual Performance and Audit Committee reports available online.

### Summary of main changes

- 6. Since last reported to the Integration Joint Board in September 2023:-
  - All risk control measures have been reviewed and updated where necessary, as detailed within Performance and Audit Committee reports.
  - All risk scores have been reviewed, and whilst these may have fluctuated over the year, compared to the September 2023 IJB annual update, two risk scores have changed.
  - No new risks have been added, however one risk has been removed.

# Workforce Planning and Change (reduction in scoring)

7. This score was reduced from 12 to 9 in March 2024 as the immediate staffing difficulties within mental health services improved slightly and interim arrangements are in place to mitigate risk, however current recruitment and retention challenges and the need for further redesign does present challenges and risks.

# Analogue to Digital Switchover (reduction in scoring)

8. The score was reduced from 9 to 3 in September as replacement digital devices have been installed to our community alarm customers (c3000). Replacement alarms and call warden devices are still to be installed in sheltered housing properties within East Renfrewshire and we are supporting Housing with this. It is anticipated that this will be concluded by March 2025 at which point the risk will be removed.

### Failures within IT System (risk removed)

9. This risk was removed in June 2024 as it was largely related to a particular issue which is currently stable. As IT elements are included within the wider Business Continuity risk, an individual IT risk was no longer required.

### Red and significant risks

10. Risks which score between 11-16 and rated as High/Red/Unacceptable post mitigation and those which the Health and Social Care Partnership Management Team considers significant are brought to the attention of the Performance and Audit Committee by an 'exception report'.

11. Financial Sustainability remains a high/red risk as last reported. This is still considered red post mitigation reflecting the current economic climate and the cost and demand pressures the HSCP continues to face. Financial sustainability is also rated red within the independent auditors report on the 2023/24 annual report and accounts.

#### **IMPLICATIONS**

12. There are no implications arising as a result of this paper.

### **DIRECTIONS**

13. There are no directions arising as a result of this paper.

### **CONCLUSIONS**

14. The Integration Joint Board will continue to receive an annual update on the IJB Strategic Risk Register and Performance and Audit Committee will continue to review at each meeting.

#### RECOMMENDATIONS

15. The Integration Joint Board is asked to note and comment on the IJB Strategic Risk Register.

| 4 | С | Financial Sustainability  | 3   | 7 |   |    |   |  |   |   |    |                               |
|---|---|---|---|---|---|----|---|--|---|---|----|-------------------------------|
| 4 |   | Financial Sustainability  Risk of being unsustainable due to one of the following causes:  1) Unable to deliver in full the existing savings and achieve new savings to deliver a balanced budget and/or unable to meet demand pressures for statutory services. This is further impacted by the diminished earmarked reserves held.  2) Unable to influence future funding to recognise demographic and other pressures, or realise future efficiencies & savings.  3) Unable to meet financial pressures within prescribing, including influence of GP prescribers, including demographic changes, economic and distribution factors.  4) Financial Impacts relating to Brexit and other wider economic issues. Financial risks relate to staffing, purchase of care, drugs, equipment, | The CFO provides regular financial advice and reporting to IJB, including savings progress and operational cost pressures.  Budget seminars are held with IJB Members.  The regular budget updates and medium term financial plan set out funding pressures and scenarios. The HSCP is involved in various financial discussions with partners in relation to funding and budget contributions as well as financial recovery for 2023/24.  Medium Term Financial Plan (latest revision June 2024) Regular monitoring, reporting and seminars ensure the IJB is aware of the most current factors.  A local network and the National CFO | 3 | 4 | 12 | Monitor hosted service arrangements – ongoing and longer term.  Monitor Medium Term Financial Plan for any significant changes  Continue discussions with both partners in relation to funding and financial performance and service outcomes and focus on savings delivery.  Implement actions from local prescribing action plan – new plan for 2024/25 includes local and GGC wide prescribing initiatives | 31/03/2025 31/03/2025 Ongoing 31/03/2025 | 3 | 4 | 12 | Chief<br>Financial<br>Officer |
|   |   | consumables and food and utilities/other inflation  5) Financial risks relating to Covid-19 following cessation of support funding. For example staff cover in any service where an outbreak of the virus impacts on capacity. The longer term financial impact is unclear  6) Complexity of funding sources with some allocations late in the year and some instability from non-recurring funding.  7) Diminished earmarked reserves meaning there is no flexibility to allow us to deal with prescribing and other cost volatility in any one year. We do have very specific reserves to support ringfenced activity only.   | Section meeting provide a discussion and decision making forum for wider issues impacting on partnerships, including areas such as prescribing, hosted services, savings challenges and cost pressures from service delivery.  Review of hosted services is ongoing and this is a longer term review across all six HSCPs within NHSGGC.  Ongoing monitoring of wider economic factors and inflation impacts.   |   |   |    |   |  |   |   |    |                               |
