Local Fire and Rescue Service⁹ Plan Priorities

The Local Fire and Rescue Service Plan has been developed to set out the priorities and objectives within East Renfrewshire and allows our local authority partners to scrutinise the performance outcomes of these priorities. We will continue to work closely with our partners in East Renfrewshire to ensure we are all “**Working Together for a Safer Scotland**” through targeting risks to our communities at a local level.

The plan has been developed to complement key partnership activity embedded across East Renfrewshire Community Plan and associated Delivery and Thematic plans. Through partnership working we will seek to deliver continuous improvement in our performance and effective service delivery in our area of operations.

The Local Fire and Rescue Plan for East Renfrewshire identified six areas for demand reduction and is subject to regular monitoring and reporting through the Police / Fire and Rescue Committee. A summary of the priorities and current activity is detailed below with further detail and analysis contained within this performance report.

	Accidental Dwelling Fires	Accidental Dwelling Fire Casualties	Unintentional Injury and Harm	Deliberate Fire Setting	Non-Domestic Fire Safety	Unwanted Fire Alarm Signals
Barrhead, Liboside & Uplawmoor	2	0	1	17	1	16
Clarkston, Netherlee & Williamwood	4	0	5	5	3	11

About the statistics within this report

The activity totals and other statistics quoted within this report are published in the interests of transparency and openness. They are provisional in nature and subject to change as a result of ongoing quality assurance and review. Because all statistics quoted are provisional there may be a difference in the period totals quoted in our reports after local publication which result from revisions or additions to the data in our systems. The Scottish Government publishes official statistics each year which allow for comparisons to be made over longer periods of time.

Domestic Safety - Accidental Dwelling Fire Casualties

Performance Summary

Accidental Dwelling Fires Casualties

Accidental Dwelling Fire Casualties by Ward (% share)

Fire Casualties by Time of Day

Nature of Injury

Smoke Inhalation

Extent of Harm

Age / Gender Profile

Despite the rise in ADF, there was one ADF casualty during this quarter. This involved one elderly male suffering slight smoke inhalation following a small kitchen fire caused by careless use of a microwave oven.

Unintentional Injury and Harm ¹³

Performance Summary

Non-Fire Casualties

Non-Fire Casualties by Ward (% share)

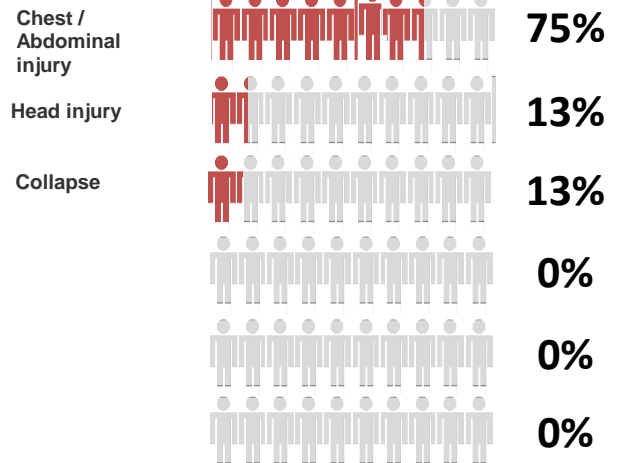

There has been a decrease in the number of Non-Fire Casualties (NFC). Six NFC during this period were as a result of two road traffic collisions and the two other casualties involved SFRS assisting partner agencies effect entry. The injuries sustained were slight, or requiring first aid at the scene.

Non-Fire Casualties by Time of Day

Nature of Injury

Extent of Harm

Non-Fire Emergency Activity

Deliberate Fire Setting

Performance Summary

Deliberate Fires

Deliberate Fires by Ward (% share)

Deliberate Fires by Time of Day

Deliberate Fires by Classification

Primary Fire Ratio by Activity Type

Secondary Fire Ratio by Activity Type

Definitions

Primary Fires - all fires in buildings, vehicles and outdoor structures or any fire involving casualties, rescues or fires attended by five or more appliances

Secondary Fires - fire incidents that did not occur at a primary location, was not a chimney fire in an occupied building, did not involve casualties (otherwise categorised as a primary incident) and was attended by four or fewer appliances.

Deliberate Fires Compared to Operational Activity

There has been an increase in deliberate fires over both 'year on year' and '3 year average' indicators. A high percentage of deliberate primary fires involved vehicles, which has seen a significant rise during this quarter. This trend is replicated in South Glasgow. Some of the vehicle fires are related and subject to ongoing investigations by Police Scotland.

Non Domestic Fire Safety

Performance Summary

Year on Year **60%** 3 Year Average **11%**

Non Domestic Fires

Non-Domestic Fires by Ward (% share)

Non-Domestic Fires by Time of Day

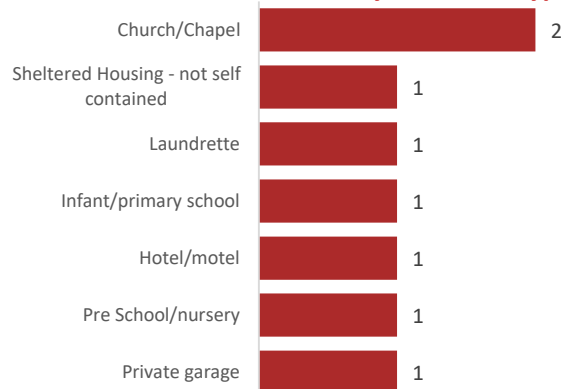

Non-Domestic Fires by Nature of Origin

Severity of Non-Domestic Fires

Non-Domestic Fires by Premises Type

There has been an increase in Non Domestic Fires, which are spread throughout the day in a variety of premises type. Fires in any premises classed as 'Relevant Premises' under the Fire Scotland Act 2005 are subject to a Post Fire Audit by the SFRS Fire Safety Enforcement Team.

Unwanted Fire Alarm Signals

Performance Summary

Unwanted Fire Alarm Signals

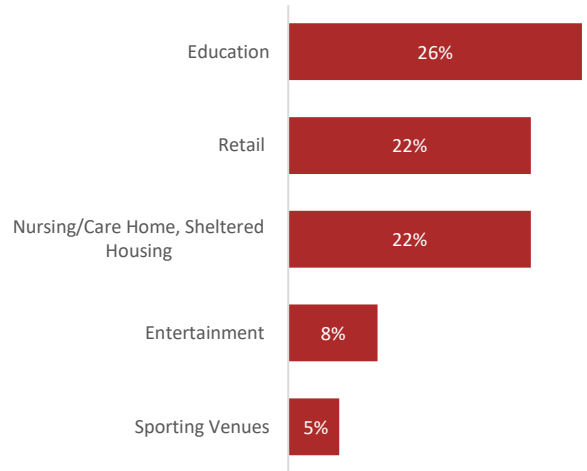

Unwanted Fire Alarm Signals by Ward (% share)

Unwanted Fire Alarm Signals by Time of Day

Unwanted Fire Alarm Signals - Top 5 Premises

Unwanted Fire Alarm Signals Activity Ratios

Average Unwanted Fire Alarm Signals per Day

There has been an increase in Unwanted Fire Alarm Signals (UFAS) incidents. Education accounts for 30% of UFAS incidents, which are spread across all Wards. It is hoped the 'TAKE 5' partnership will go live during the next quarter, and will assist East Renfrewshire Council premises reduce UFAS incidents.
