

**Template A-** Equalities, Fairness and Rights Impact Assessment NOT required - justification

**If the screening has indicated a full assessment is not required, complete below.**

Name of policy, strategy, practice, service or function	East Renfrewshire Litter Strategy
Description of policy, strategy, practice, service or function and why it is required	The Litter Strategy seeks to join up the Council's approach to responding to littering, dog fouling and fly tipping; while setting out our ambitions for greater community involvement and to improve how we respond to littering, dog fouling and fly tipping.
Department/ Service	Environment
Responsible officer for taking decision	Anthony Jenkins
Rationale for decision	<p>An impact assessment is not required because this policy is day-day operational delivery and decision-making; An impact assessment is not required because this policy is a performance and monitoring report.</p> <p>The Litter Strategy is intended to join up the work already taking place across Services, and enhance it. However, there will be greater engagement with interested community groups and individuals to safely facilitate litter picking. There would be greater publicity given to littering. Throughout the life of the strategy, we would explore our opportunities to enhance enforcement and to reflect the views of community groups (including children and young people) in the actions we take to tackle litter, fly tipping and dog fouling. Opportunities for community involvement will be at the forefront of what the strategy seeks to achieve.</p> <p>However, it is felt that an impact assessment is not required as the policy will impact operational day-to-day delivery and decision making and be utilised to improve our performance.</p> <p>There was engagement with children and young people and</p>

	cognisance given to Citizens Panel data in shaping the policy (if a full EFRIA is required).
