REVIEW OF THE STRATEGIC RISK REGISTER AND RISK MANAGEMENT PROGRESS

PURPOSE OF REPORT

1. This report provides the latest biannual update of the Council's Strategic Risk Register and a summary of risk management progress. The previous update of the Strategic Risk Register was considered by the Audit and Scrutiny Committee on 5th March 2019.

RECOMMENDATIONS

2. The Audit and Scrutiny Committee is asked to consider and note the development of the Council's Strategic Risk Register noting that this is considered a "live" document and will be updated and amended by the Corporate Management Team (CMT) as appropriate.

BACKGROUND

- 3. The Strategic Risk Register (Appendix 1) sets out the key strategic risks to be considered by East Renfrewshire Council and details the actions that management has put in place to manage these risks. Each service has an operational risk register to record day to day and service specific risks.
- 4. The previous update of the Council's Strategic Risk Register was considered by the Audit and Scrutiny Committee on 5th March 2019.
- 5. Several risks have been amended to include additional control measures and the risks have been rescored for significance. A thorough review of all risks on the register has been undertaken by the CMT. There are now 30 risks of which 11 are evaluated as high and 19 medium. Where a risk has been evaluated as "low" it will be removed from the Strategic Risk Register and monitored within Departmental or Operational registers if appropriate.
- 6. An additional column has been added to the Strategic Risk Register to record the "Date for Completion of the Proposed Risk Measure". This provides a date for when it is anticipated that the proposed measure will be completed and therefore included in the "Risk Control Measures Currently in Place" list.
- 7. Where risk numbers are not sequential within the Register this is as a result of a risk having been removed from the Strategic Risk Register.
- 8. Relevant significant risks which may impact on the achievement of the Council's outcomes relating to the work of the Integrated Joint Board and the Culture and Leisure Trust have been considered as part of this update.

REPORT

- **9.** The following risks remain as **high risks**:
 - Failure to deliver 1,140 hours of free early learning and childcare (ELC) by August 2-2-; Inability to deliver our preferred or at least an acceptable model to locally address the principles of quality, flexibility, accessibility and affordability. (Risk 1.1)
 - Increase in the number of vulnerable adults and children with additional support requirements leading to a rise in demand in Education and HSCP services. (Risk 2.2)
 - Ensuring sufficient catchment places for East Renfrewshire children and young people across all sectors in light of inward migration including the impact of new residential developments in particular the Local Development Plan. (Risk 2.3)
 - Increase in older people due to demographic changes leads to an over demand on certain services and failure to meet legislation, overspend and negative publicity. Pressures from new national delayed discharge targets of 72 hours. (Risk 5.1)
 - Risk of an operational or financial failure to a key provider including care home, care at home and other care providers. Consequences could include disruption to service delivery, requirement to implement contingency plans, impact on individuals and families with potential disruption to care arrangements. (Risk 5.2)
 - Brexit leads to economic uncertainty and detrimental impact on the Council budget, operations and services. (Risk 6.9)
 - Impact of Living Wage on the Council's salary scales with continuing pressure on the lower grades of the scale. Not maintaining differentials between grades. (Risk 6.10)

- 10. The following risks were added to the register:
 - Potential successful judicial review into lawfulness of charging for instrumental music leads to additional budget pressures due to loss of income as well as increased service demand. (Risk 2.5- medium)
 - Significant pressures and lack of service capacity (vacancies and absence) impacts on service delivery and quality standards resulting in an impact on service users and carers and a reputational risk to HSCP and Council. (Risk 5.3 high)

 cover includes Cyber, Employer, Engineering, Motor, Property, Public Liability &
 Travel) which could result in the Council incurring financial loss and reputational
 damage. (Risk 6.15 medium)

- 11. The following risk increased in score from medium to high.

- Interruption to service or total inability to provide ICT Services, resulting in impact

 - Failure to effectively manage the Council's information assets to comply with Information legislation, in particular the Public Records (Scotland) Act, the Freedom of Information (Scotland) Act, the Data Protection Act and the General Data Protection Regulations. Impact of severe weather (caused by climate change) disrupting the functioning of the Council and its ability to deliver services (e.g. flooding or storms causing damage to public buildings, infrastructure and people and the effects of extreme cold/hot weather events) (Risk 3.7)

Poor environmental performance in implementing climate change mitigation and adaptation measures could result in legislative non-compliance, higher utility and maintenance spend and reputational damage to the Council. It could also reduce the Council's ability to maintain services, buildings, infrastructure and public safety and wellbeing in the event of extreme weather occurring within the area. Ultimately this would impact on the Councils ability to achieve its agreed outcomes. (Risk 3.8)
