**EAST RENFREWSHIRE INTEGRATION JOINT BOARD****15 August 2018****Report by Chief Financial Officer****IJB STRATEGIC RISK REGISTER – ANNUAL UPDATE****PURPOSE OF REPORT**

1. This report provides the Integration Joint Board with an update on the IJB Strategic Risk Register.

**RECOMMENDATION**

2. The Integration Joint Board is asked to note and comment on the IJB Strategic Risk Register.

**BACKGROUND**

3. Good practice in the area of risk management suggest that a risk register should contain between six to eight of the most significant risk to make it a useful working document. The risk register uses a simple, clear and effective 4 x 4 likelihood and severity risk matrix as shown below.

Likelihood	Score								
Certain	4	Low (Green)	Medium (Yellow)	High (Red)	High (Red)	High (Red)	High (Red)	High (Red)	High (Red)
Likely/probable	3	Low (Green)	Medium (Yellow)	Medium (Yellow)	Medium (Yellow)	High (Red)	High (Red)	High (Red)	High (Red)
Possible/could happen	2	Low (Green)	Low (Green)	Medium (Yellow)	Medium (Yellow)	Medium (Yellow)	Medium (Yellow)	Medium (Yellow)	Medium (Yellow)
Unlikely	1	Low (Green)	Low (Green)	Low (Green)	Low (Green)	Low (Green)	Low (Green)	Low (Green)	Low (Green)
Impact		Minor	1	Significant	2	Serious	3	Major	4

4. In normal circumstances the policy states the tolerance for risk is as follows:

Risk Score	Overall rating
11-16	High/Red/Unacceptable
5-10	Medium/Yellow/Tolerable
1-4	Low/Green/Acceptable

**REPORT**

5. This report provides the Integration Joint Board with its annual update on the IJB Strategic Risk Register.

6. The Performance and Audit Committee receive updates on the IJB Strategic Risk Register at each meeting. Any additions, deletions and changes to the register are reported to the Performance and Audit Committee detailing the reason for each change. All of the Performance and Audit Committee reports provide the audit trail of changes and these are available online.
7. The Strategic Risk Register was last reported to the Performance and Audit Committee on 27 June is attached at Appendix 1. IJB members also received a copy as requested at their meeting.

## Red and Significant Risks Exception Report

8. Risks which score between 11-16 and rated as High/Red/Unacceptable and those which the Health and Social Care Partnership Management Team considers significant are brought to the attention of the Performance and Audit Committee by an 'exception report'. The following are risks are currently red:-

## Financial Sustainability

9. Whilst the settlement for 2018/19 was an improved position on previous scenarios there remains the future year risk that the HSCP could become unsustainable due to one of the following causes:
  - Unable to deliver in full the existing savings and achieve new savings to deliver a balanced budget
  - Unable to influence future funding to recognise demographic & other pressures, or realise future efficiencies & savings
  - Implications if current practice of risk sharing for prescribing ceases or changes from hosted services funding structure
10. The HSCP's Chief Finance Officer provides regular updates on partnership funding, actions and risks to the Integration Joint Board and discussed the emerging issues in seminar briefings. The reserves strategy recognises longer term change is required to ensure future sustainability and allows for phased implementation of saving delivery.

## Workforce

11. The risk is being mitigated through the Fit for the Future change programme. In the interim recruitment to permanent posts where appropriate ensures that any post considered by the HSCP senior management team to be vital is filled. Progress is being made with the Fit for the Future staffing workstream.

## **CONCLUSIONS**

12. The Integration Joint Board will continue to receive an annual update on the IJB Strategic Risk Register.

## **RECOMMENDATIONS**

13. The Integration Joint Board is asked to note and comment on the IJB Strategic Risk Register.
