### **Official Opening.**

Once again the Official opening has taken Place at the New Sir Harry Burns Centre with no invitation to the BCC.

However the facts remain that Community Councillors & Community Representatives were part of the original steering group 4/5years ago attended several meetings to discuss the way forward for the former Auchenback Primary School, with a view of an Early Years Centre. Secretary to contact Education Department.

Thank you for your email with regards to the official opening of the Harry Burns Centre.

I recognise that members may have been involved in the consultations about facilities they might want to see in the new build, and of course there are opportunities in the building for community activities. As such I am sure Mrs Devlin, Head Teacher of Arthurlie Family Centre, which operates in the centre, will be happy to show the facilities available to you and any other members of Barrhead CC who wish to do so. Please do contact Vickie directly to make arrangements that will be suitable for all; she will be delighted to show you and others round.

You will be well aware that many people are invited to take part in consultations in relation to education facilities throughout the Council area, but those invited to official openings are by necessity small in number. To my knowledge and those of my colleagues, we have not at any point invited community council members to the official openings of any education facilities, but there is no intention to slight anyone and I apologise if anyone has taken offence. .
