

Whitelee Windfarm Small Event Summary

Thank you for choosing Whitelee as the location for your event. The Scottish Outdoor Access Code (SOAC), grants everyone the right to access the countryside provided they do so responsibly.

Whitelee is a working windfarm, commercial forest and water catchment area. So that we can manage the site safely for all users, please can you provide details of your event so that we can advise you of any activities or site works that might impact your event. You are however under no obligation to provide this information as your right to access Whitelee as a group or individual is protected by SOAC and only large/major events have to be notified/seek permission.

Please use the map on this form to help plan your event route(s). If you require any help or advice in planning a route, or your event, please contact the Whitelee Countryside Rangers who are happy to help.

Advice on small scale events:

If your event requires additional facilities or services such as vehicular access, extensive parking, erection of temporary structures such as gazebos etc., or is likely to impact land management operations or interfere with other visitor's use of the windfarm, it does not fall within the SOAC and you should contact the Countryside Rangers for further discussion and authorisation. If you can reduce/eliminate the use of any of these, your event will be much simpler to manage and will not require authorisation from land managers.

Please note that Whitelee cannot host any events that fall into the following categories:

- Fireworks displays / Bonfire events
- Balloon releases
- Kite, model aircraft, glider, hang-glider, parasailing, parachuting, hot-air ballooning (or any other 'flying' machine/apparatus) events
- Motorsport events
- Motorised water sports

EVENT DETAILS			
Name of organiser:			
Name of organisation:			
Address:			
Council area:			
Telephone Number:			
Telephone Number on the day (if different):			
Email address:			
Date of event:
