EAST RENFREWSHIRE COUNCIL

CABINET

16 June 2016

Report by Deputy Chief Executive

STRATEGIC END YEAR PERFORMANCE REPORT 2015-16 COMMUNITY PLANNING PARTNERSHIP AND COUNCIL PERFORMANCE

PURPOSE OF REPORT

- 1. The purpose of this report is to present a summary of Community Planning Partnership and Council end-year performance in 2015-16 based on performance indicators in the Single Outcome Agreement (2013-16) and Outcome Delivery Plan (2015-18). The report highlights areas of very good performance as well as those indicators that are off target.
- 2. Improvement actions arising from the latest Performance and Accountability Review (PAR) are also detailed at Annex 3.

RECOMMENDATIONS

- 3. It is recommended that Cabinet:
 - (a) Scrutinises and comments on the summary of the Community Planning Partnership and Council's end-year performance for 2015-16 (Annex 1).
 - (b) Considers the Advice Note in Annex 3 on the focus and priorities of the Performance and Accountability Review following its discussion of Community Planning Partnership Performance at the meeting on 10 May.

BACKGROUND

- 4. The Community Planning Partnership has agreed a high level Single Outcome Agreement (SOA) which sets out what we will work to achieve for local people. The Council sets out its contribution to the SOA through the content of the Outcome Delivery Plan (ODP). Annex 1 lists updated performance data against targets in the Community Planning Partnership's SOA and the Council's ODP. In Annex 1 the sections titled 'SOA' relate to partnership performance and those titled 'ODP' show Council performance.
- 5. The ODP includes an extensive range of performance indicators. The strategic indicators are included in this report, with the remainder being reported in departmental reports. Updates on other performance indicators and activities are also covered in departmental reports. These reports will follow in August.
- 6. As part of the requirements within the 2010 Equality Act we report performance on equalities. The performance information contained within the annexes demonstrates progress on equalities, with some indicators highlighting the differences between the wider population and more deprived areas.

7. This report focuses on highlighting areas for discussion where performance has been very good as well as indicators that are off target. This is denoted by indicators in Annex 1 that are shaded either green or red. Indicators with no new data to report are listed under Annex 2, such as Local Government Benchmarking Framework data that are not yet available.

COMMUNITY PLANNING PARTNERSHIP PERFORMANCE

8. The East Renfrewshire Performance and Accountability Review (PAR) oversee the Community Planning Partnership's performance against SOA outcomes and, in particular, will focus in on areas where there is evidence of a decline in performance. The PAR has reviewed performance at the end-year point, with the Community Planning Partnership performing well against set targets. Overall, of the updated indicators with a target set for the SOA, most met target. The Community Planning Partnership will continue to build on performance successes through enhancing already strong working relationships between agencies, and improving how activities are planned, coordinated and actioned. The PAR will lead on the implementation of the Community Empowerment (Scotland) Act including developing a Local Outcomes Improvement Plan which will replace the current SOA. An advice note to Cabinet on the focus and priorities of the PAR is attached in Annex 3.

COUNCIL PERFORMANCE

- 9. East Renfrewshire Council continues to achieve excellent performance results across many areas including educational attainment, collecting council tax and dealing efficiently with customer requests. The Council also performs consistently well in other areas such as meeting housing quality standards, responding to alarm community calls, noise and antisocial behaviour complaints, and dealing promptly with planning applications.
- 10. At end year 2015-16 there were some significant improvements in performance including the following areas: gross rent arrears, the rate of housing repairs completion, sickness absence levels, the number of alcohol interventions delivered, the time taken to process housing benefit and council tax claims, and the number of units added to the affordable housing stock. There were also marked increases in the number of adult attendances to libraries and indoor sport and leisure facilities.
- 11. The Council is performing well across the majority of the ODP indicators; however there are areas where we want to continue our improvement work and build on our current performance levels, and these include invoice processing and levels of sickness absence.
- 12. Overall, of the updated ODP indicators at end-point 2015-16 the Council's performance is positive across most of the indicators. In the remaining areas where there is scope for improvement there is a clear understanding of reasons for performance levels and plans in place to address any performance issues. End year 2015-16 is the final point of reporting on the current ODP before moving to the new streamlined ODP for 2016-19 considered by Cabinet on 21 April.

CUSTOMER CARE STANDARDS

13. In March 2016 we tested our performance in relation to our Customer Care Standards through a Mystery Shopping exercise. Key findings from the exercise will be reported in the Mid-Year Strategic Performance Report. During the mystery shopping exercise nearly 60 contacts were made at different Council locations, testing eight service standards across four methods of communication (in writing, by telephone, in person, on social media). Initial

findings suggest that performance in relation to the Customer Care standards was strong. There were particularly positive responses in relation to the quality of the customer experience.

PUBLICATION OF END YEAR PERFORMANCE INFORMATION

14. Information in this report will be published on the Council's website where additional performance information can also be found, including departmental and benchmarking reports.

FINANCE & EFFICIENCY

15. There are no specific financial implications arising from this report.

CONSULTATION

16. There have been various consultations in the past twelve months both internally and externally.

PARTNERSHIP WORKING

17. This report summarises performance of the Community Planning Partnership and Council towards the outcomes within the SOA. Results could not have been achieved without excellent partnership working and the involvement of our local community.

IMPLICATIONS OF REPORT

18. As this report is primarily a progress and performance update, there are no particular implications in terms of staffing, property, legal, IT, equalities or sustainability. Each of these issues has been mainstreamed through service plans and equality impact assessments carried out where appropriate.

CONCLUSION

19. This report details the performance of East Renfrewshire Community Planning Partnership and the Council at end-year 2015-16. The information presented here shows an overall positive picture. The Council continues to respond well to a range of challenging circumstances, while striving to deliver highly valued services and achieve positive outcomes for our local residents.

RECOMMENDATIONS

- 20. It is recommended that Cabinet:
 - (a) Scrutinises and comments on a summary of the Community Planning Partnership and Council's end-year performance for 2015-16 (Annex 1).
 - **(b)** Considers the Advice Note in Annex 3 on the focus and priorities of the Performance and Accountability Review following its discussion of Community Planning Partnership Performance at the meeting on 10 May 2016.

BACKGROUND PAPERS

- Strategic Mid-Year Performance Report 2015-16, Cabinet 3 December 2015
- Strategic End-Year Performance Report 2014-15 and Performance Animation, Cabinet 25 June 2015
- Outcome Delivery Plan 2015-2018, Cabinet 4 June 2015

KEY WORDS: This report sets out the performance at end-year 2015-16 for the Council and Community Planning Partnership.

The keywords are: "performance management, ODP, SOA, PAR, outcome delivery plan, LGBF, indicators, end-year performance, outcomes, performance report, complaints"

East Renfrewshire

ANNEX 1

Community Partnership

Strategic End-Year Performance Report 2015-16

Outcome Delivery Plan 2015 - 2018

The following provides an update of Council and Community Planning Partnership (CPP) performance data at end-year point 2015-16. The information contained in this report includes indicators in the Single Outcome Agreement (SOA) and Outcome Delivery Plan (ODP). The sections titled 'SOA' relate to partnership performance where accountability lies with the CPP. Those titled 'ODP' show Council performance – this is the Council's contribution to the SOA.

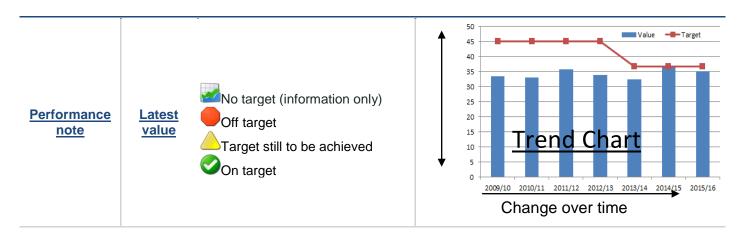

Data note

The data shown is the latest available data not previously reported.

Indicators included in Annex 1 have a latest data update that has not been previously reported. Occasionally some health indicators have a time lag and the latest data will be more historic. Some indicators will not have targets displayed either because there is no target (baseline data or counts) or it is an end of period future target e.g. 'by 2017'.

Key

The key above details what each of the symbols mean within the report.

Performance areas for discussion

Indicators highlighted in green show where performance is very good. Indicators highlighted in red show where performance is off target.

Indicators where there is no new data available at end-year point are listed in Annex 2.

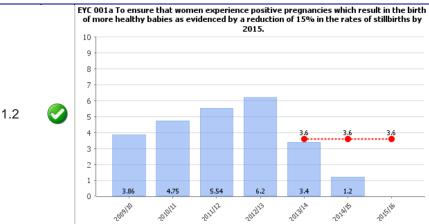

SOA 1 Partnership Performance

All children in East Renfrewshire experience a stable and secure start to their lives and are supported to succeed.

East Renfrewshire Community Planning Partnership

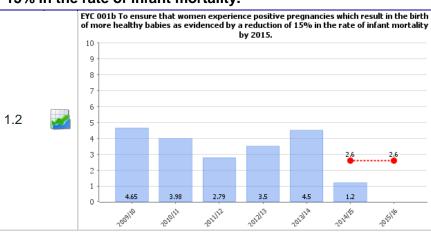

To ensure that women experience positive pregnancies which result in the birth of more healthy babies as evidenced by a reduction of 15% in the rates of stillbirths.

There was one stillbirth in East Renfrewshire in 2014, compared to three in 2013. Still births for the calendar year 2014 were 1.2 per 1,000. For Scotland the rate for 2014 is 4.0 per 1,000

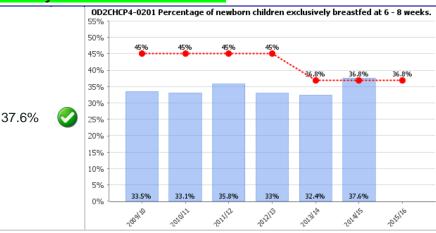

To ensure that women experience positive pregnancies which result in the birth of more healthy babies as evidenced by a reduction of 15% in the rate of infant mortality.

There was one infant death in 2014 in East Renfrewshire, compared to four in 2013. Infant mortality for the calendar year 2014 was 1.2 per 1,000 - this compares favourably to the Scottish national rate of 3.6 per 1,000.

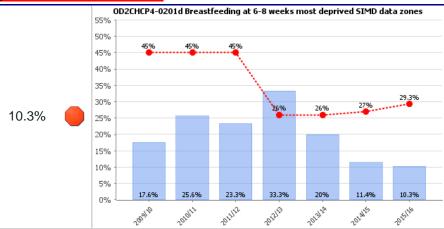

Percentage of new born children exclusively breastfed at 6 - 8 weeks.

This is the latest available figure (Oct 2014 - Sep 2015). This demonstrates the best outcome yet at East Renfrewshire Council level. By comparison the NHS GGC figure was 25.1% and East Dunbartonshire was 32.6%. Further improvement work in this area will be progressed through the early years planning group.

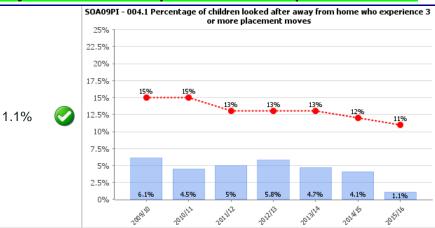

Breastfeeding at 6-8 weeks most deprived SIMD data zones

10.3% latest available figure (Sep 2015) demonstrates that there are still issues with breastfeeding in deprived areas. Activity around this indicator has been reviewed and resource identified for the coming year for targeted work to improve performance. In comparison NHS GGC figure was 16.1% and East Dunbartonshire was 10.7%

Percentage of children looked after away from home who experience 3 or more placement moves

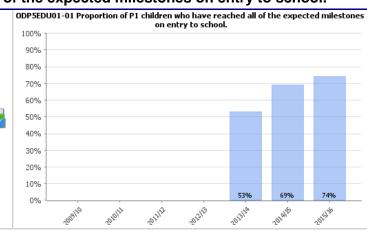

The stability of placement for looked after children, an important measure of attachment and future outcomes, has significantly improved on the 2014/15 figure with those experiencing 3 or more placements falling to 1.1 per cent (from 4.1%).

Proportion of P1 children who have reached all of the expected milestones on entry to school.

74%

The 2015-16 results showed a 5% increase and were more consistent across the 22 primary schools than the previous year. Results have been shared with establishments to identify strengths, areas where staff can be further supported to improve their practices and to ensure greater consistency across the authority. As a result the 2016-17 results are expected to be closer to the 2017-18 target of 90%. Schools also recorded 93% of pupils as having no developmental milestone concerns.

Community
Planning
Partnership

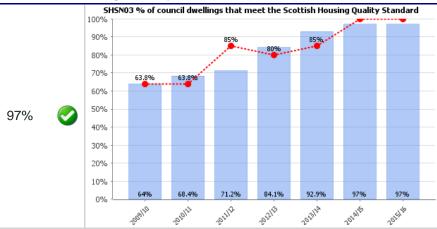

Citizens' Panel - Satisfaction with East Renfrewshire as a place to live.

21st Citizens' Panel Survey- 94% of the population was very satisfied or satisfied with East Renfrewshire as a place to live. This is a 3% improvement on the previous year and brings this measure back on trend.

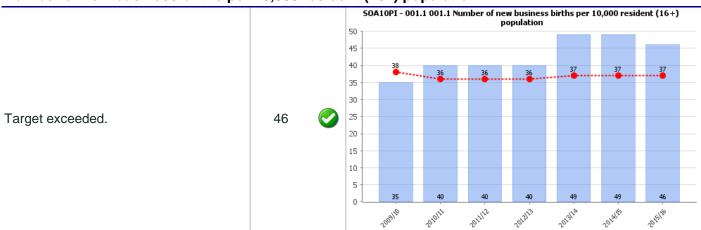

% of council dwellings that meet the Scottish Housing Quality Standard (SHQS)

Target met. The SHQS programme for Council dwellings has been achieved, with no Council dwellings failing SHQS on completion of the programme. The remaining 3% are works that cannot be undertaken as the tenant or mixed tenure owner has not consented to the works, for example door entry systems.

Number of new business births per 10,000 resident (16+) population

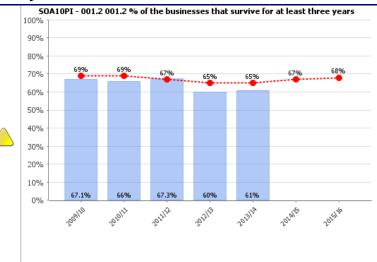

% of the businesses that survive for at least three years

61%

61% of the 295 business start-ups in 2011 were still in operation by the end of the 2014. This amounts to 180 business start-ups surviving their first 3 years of service. Early indications for business survival in the coming years are positive with 94.4% of the 360 businesses starting up in 2013 still in operation in the following year. Rank 22nd of 32, 3rd Quartile among Scottish Local Authorities.

These figures are the latest available with the 2014/15 figures due for release Winter 2016. Delays to securing EU funding support for business growth interventions meant that there was no grant support available to businesses.

Increase in cycling, measured by the number of cyclists passing through programme count sites over the count period.	N/A	N/A	N/A	6,828	6,018	3,871	②	In 2014 the figure was calculated by taking an average at the count sites. In 2015, an external company was used to collect and present the data and advised the best method was to use the total numbers at each site. This new method shows actual cyclist numbers over the last 2 years: 2014 = 6,828 and 2015 = 6,018. Future targets will now be re-baselined based on this new method of calculation.
% of Class A roads that should be considered for maintenance treatment	23.7%	18.2%	21.6%	23.9%	18.8%	21.4%	②	Target exceeded. It is difficult to directly compare year on year results as only 50% of A class road length surveyed each year in a single direction.
% of Class B roads that should be considered for maintenance treatment	41.5%	28.2%	28%	32.9%	31%	27.6%	_	Target not met. However, it is difficult to directly compare year on year results as only 50% of B class road length surveyed each year in a single direction.
% of Class C roads that should be considered for maintenance treatment	37%	34.5%	36.7%	36.2%	31.7%	36.1%	②	Target exceeded. However, it is difficult to directly compare year on year results as only 50% of C class road length surveyed each year in one direction.
% of unclassified roads that should be considered for maintenance treatment	50.1%	51.6%	50.3%	42.5%	44.7%	-		44.7% of unclassified roads should be considered for maintenance treatment.
% of the road network that should be considered for maintenance treatment.	45.1%	43.3%	43.5%	39.1%	39.2%	43.3%		Target exceeded. 39.2% of overall road network should be considered for maintenance treatment.

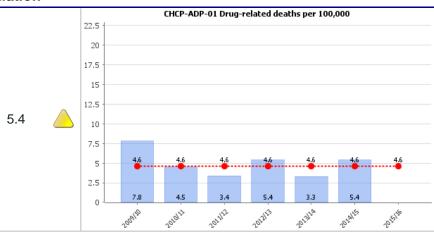

SOA 4 Partnership Performance

East Renfrewshire residents are safe and supported in their communities and homes.

East Renfrewshire Community Planning Partnership

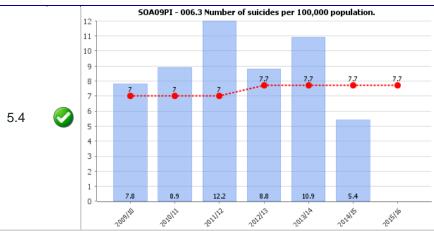

Drug-related deaths per 100,000 population

The most recent data shows there were 5.4 deaths per 100,000 population in 2014. (This figure includes accidental poisonings and intentional self-poisoning). In comparison the NHS GGC figure was 16.5 deaths and East Dunbartonshire was 3.7 deaths.

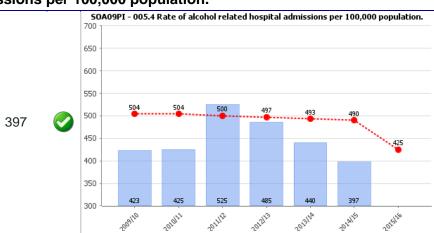

Number of suicides per 100,000 population.

By convention the number of suicides are derived from codes relating to 'Intentional self-harm' and 'Events of undetermined intent' However, this overestimates the true number of suicides, because some 'undetermined intent' deaths will not have been suicides - but their numbers are unknown. The latest data for 2014 puts the local rate at 5.4 deaths per 100,000, compared to a NHS GGC rate of 13.3 deaths and an East Dunbartonshire rate of 10.3 deaths. Data for 2015 will not be available until late 2016.

Rate of alcohol related hospital admissions per 100,000 population.

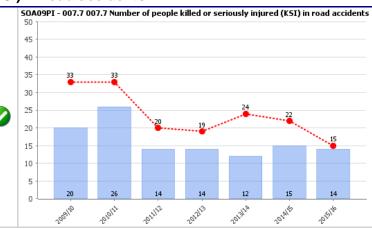

Data from 2010/11 to 2014/15 revised to reflect latest information from the NHS Information and Statistics Directorate. The absolute number for 2014/15 was 355 admissions.

Number of people killed or seriously injured (KSI) in road accidents

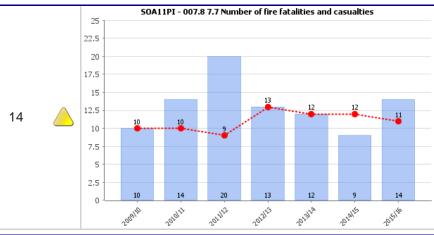

14

14 persons were seriously injured and there were no fatalities in 2014.

Number of fire fatalities and casualties

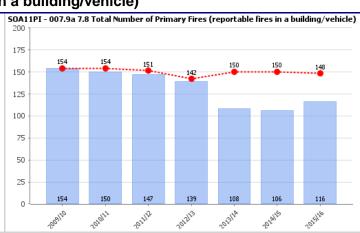

During 2015-6 there were 2 fire fatalities and 12 casualties of fire in East Renfrewshire. This is a 55% increase on the previous year.

Total Number of Primary Fires (reportable fires in a building/vehicle)

During 2015/16 there were 116 primary fires within East Renfrewshire an increase of 9.4% on the previous year.

116

Total Number of Secondary Fires (fires involving refuse/rubbish of no financial value)

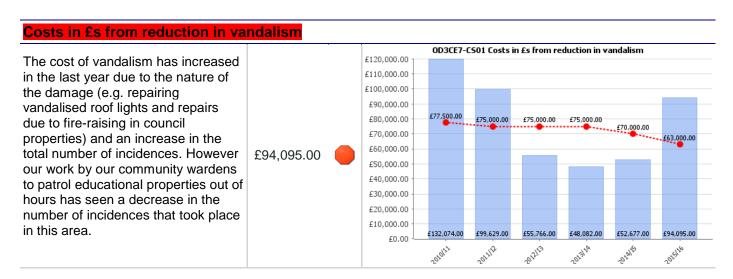

50A11PI - 007.9b 7.9 Total Number of Secondary Fires (fires involving refuse/rubbish of no financial value) 276 270 270 265 There were 208 secondary fires in East Renfrewshire during 2015/16 this is an increase of 27% on the figure for the previous year. 2012/13 2013/14

Alcohol brief interventions - Brief interventions delivered

399

Brief interventions are a way to identify a person's alcohol consumption pattern and determine whether if at risk, their level of risk can be reduced. Cumulative delivery by end quarter 3 is 399 interventions delivered- on track to meet the end of year target of 419.

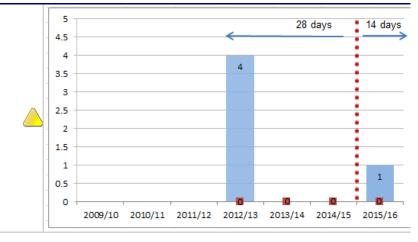

SOA 5 Partnership Performance

Older people in East Renfrewshire are valued; their voices are heard and they are supported to enjoy full and positive lives for longer. East Renfrewshire Community Planning Partnership

Delayed discharge: people waiting more than 14 days to be discharged from hospital into a more appropriate care setting

Indicator changed from April 2015 to 14 days from 28 days, further revision of this indicator will see this being further reduced to 72 hours from April 2016. There was one person waiting more than 14 days for discharge in December 2015 though in the previous two months of the Quarter there were none.

or hospital

Percentage of people aged 65+ who live in housing rather than a care home or hospital CHCP HCC081 Percentage of people aged 65+ who live in housing rather than a care home

There is continuing stability in the number of people living in housing rather than a care home or hospital. At April 2016 there were 575 East Renfrewshire residents (65 and over) living in care homes.

In the year to June 2014 there were 129 mental health related hospital admissions for East Renfrewshire residents. This is stable on the 2013/14 position but below target.

ODP 5 Council Performance

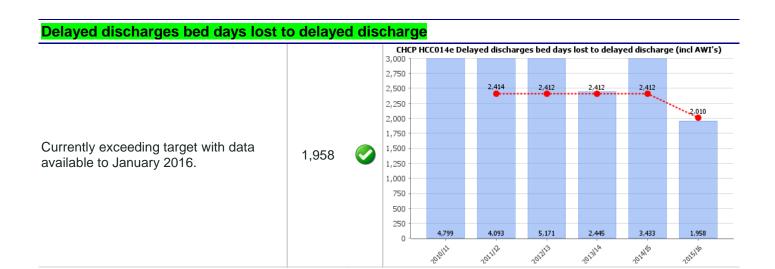

Older people in East Renfrewshire are valued; their voices are heard and they are supported to enjoy full and positive lives for longer.

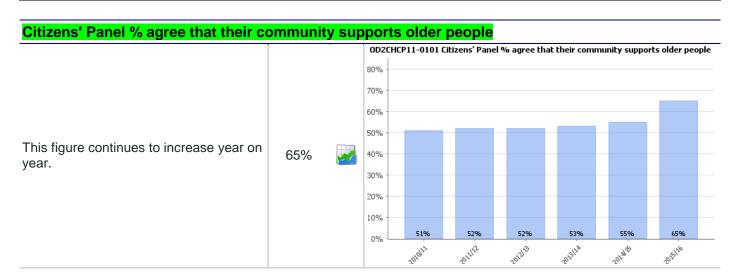

01 Older people are able to live as safely and independently as possible in the community and have control over their care and support.

5H5N01b Gross rent arrears (all tenants) as at 31 March each year as a percentage of rent due for the reporting year

% of income due from council tax received by the end of the year

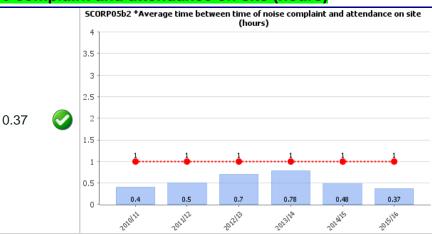

97.64%

The collection rate remains stable with previous years. There has been a lot of change within the Council Tax service in 2015/16, including a change in the appointed Sheriff officers. The collection rate remains very high and will be one of the best in Scotland.

Average time between time of noise complaint and attendance on site (hours)

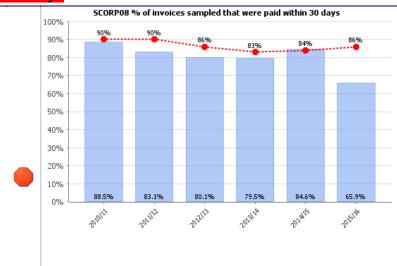

Target exceeded. Community Wardens dealt with 199 complaints with a total response time of 4520 minutes. Environmental Health dealt with 6 complaints with a total response time of 26 minutes.

% of invoices sampled that were paid within 30 days

During 2015/16, a new creditors' information at work system (EDMS) was implemented within the creditors team. Although the long term implementation of this will help improve invoice processing across the council, the short term result and associated training together with a range of staffing issues has contributed to not meeting our target.

This is an important priority area for the Council and we have allocated additional operational and management resources to deal with the staffing issues, fast-track the change programme and improve performance. The creditors' team transferred to a new department and new management in February 2016. The team are in a period of recovery and various new processes are being implemented to make improvements.

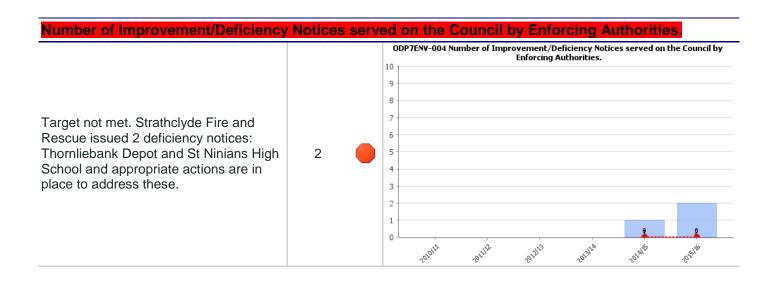

02 Residents benefit from cost effective and efficient services that comply with financial and legislative requirements.

65.9%

% of ERC services (greater than 10 full time equivalents) excluding schools covered by the Corporate Risk Model.	N/A	N/A	N/A	100%	100%	100%		Target is met.
% of first reports for Building Warrants issued within 20 working days.	N/A	N/A	N/A	94.6%	98%	95%		Target exceeded. 1027 Building Warrants have been issued within this period. 1006 have been responded to within 20 days, 98%.
Number of days taken to process new /change of circumstance housing benefit claims.	N/A	N/A	N/A	8.1	5.41	12		Target exceeded. 13464 new claims and change events took 72826 days, averaging 5.41 days

Indicator	12	13	2013/ 14 Value	15	16	2015/ 16 Target	Status	Notes and benchmark
Number of days taken to process new and change of circumstance council tax reduction (CTR) claims.	N/A	N/A	N/A	10.74	7.1	10	②	Target exceeded. 10302 new claims and change events took 73116 days, averaging 7.10 days
Increase the amount of free positive publicity generated through press and broadcast, to inform residents of new and existing council services.	N/A	N/A	N/A	N/A	£657, 264.0 0	£750,0 00.00	_	The way in which we report media coverage needs to be updated to take into account positive and negative views over social media. We have recorded over £650k free publicity using EAVs this was achieved despite reduction in staff for the press office. Improvement plans will be taken forward to review how we report and monitor media coverage.
Planning - Average time (weeks) to deal with applications	N/A	8.3	7.2	7	6.9	8.4		Target exceeded
Road cost per kilometre £			£16,4 18.01		£15,6 58.18			ERC ranked 31st in road cost per kilometre for 14/15, compared with 30th in 13/14.

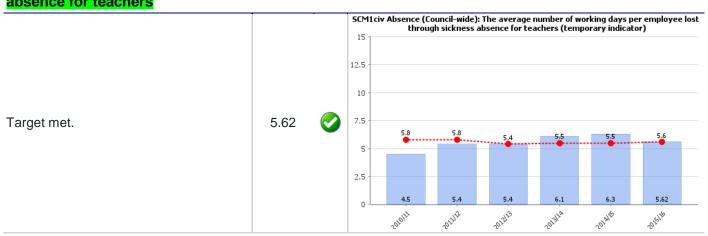

People- Council Performance

Our employees are skilled, and supported to achieve our outcomes.									
Indicator	2011/ 12	2012/ 13	2013/ 14	2014/ 15	2015/ 16	2015/ 16	Status	Notes and benchmark	
	Value	Value	Value	Value	Value	Target			
% of ERC staff with a PRD in place	71%	81%	80%	95%	N/A	100%		As PRD year runs from summer to summer then the latest figure is based on the previous year completion rate. Performance just off target with work in a couple of areas required to achieve 100%.	
% of employees and Councillors participating in Equality training reporting being confident in their ability to play their part in maintaining East Renfrewshire as a place where nobody is left behind.	N/A	N/A	N/A	100%	100%	70%	②	100% of respondents to a survey of employees participating in equality training have reported being either confident or very confident in their ability to play their part in maintaining East Renfrewshire as a place where no one is left behind.	

Absence (Council-wide): The average number of working days per employee lost through sickness absence for chief officers and LG employees

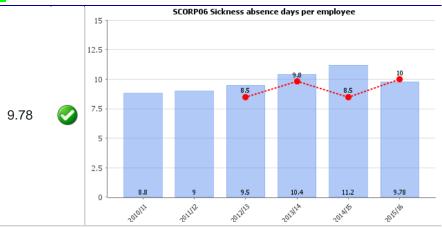

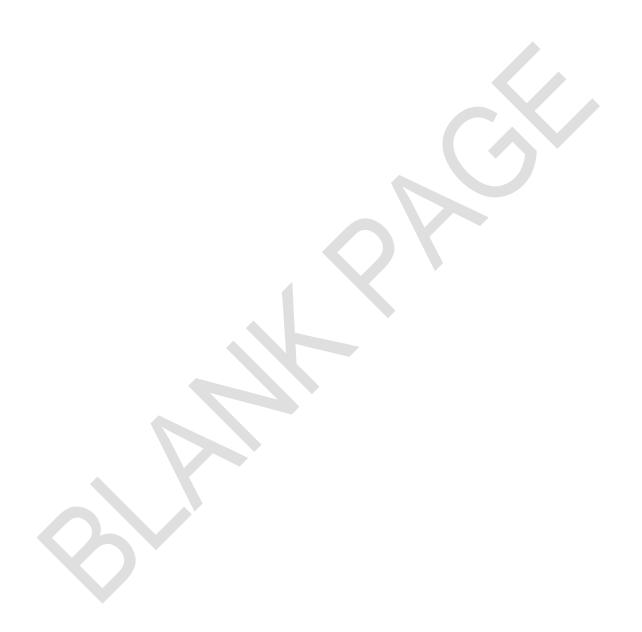

Absence (Council-wide): The average number of working days per employee lost through sickness absence for teachers

Sickness absence days per employee

Target met. Significant improvement work undertaken has enabled sickness absence to reduce; work will be ongoing to ensure this continues.

39 ANNEX 2

SOA and ODP indicators with no new data available at end year 2015-16

SOA1

- 85% of all children within each Community Planning Partnership have reached all of the expected developmental milestones at the time of the child's 27-30 month child health review
- Percentage of obese children in primary 1
- % of 0 19's in poverty
- % of 0 19's in poverty SIMD 20%
- Low birth weight live singleton births as a % of total live singleton births
- Number of teenage pregnancies
- % of primary schools being awarded the 'Family Friendly' accreditation
- The number of families engaged with Culture and Sport programmes and activities for children and their carers.
- Numbers of families engaged with Library & Information Services' parent/child activities and programmes.

SOA2

- Male Life expectancy at birth
- Female life expectancy at birth
- Male life expectancy at birth in 15% most deprived communities
- Female life expectancy at birth in 15% most deprived communities
- Cumulative number of East Renfrewshire smokers living in the most deprived communities supported to successfully stop smoking
- Percentage of adult population who smoke
- Percentage of pupils in full-time education at school, whose usual main method of travel to school is by walking or cycling
- National examination results: 5+ @ L6 by end of S5. 3-year average (2015-17)
- Number of exclusions per 1,000 pupils Primary
- Number of exclusions per 1,000 pupils Secondary
- Percentage attendance for Looked After Pupils (Primary and Secondary)
- Primary Attainment: Reading Percentage Attaining or Exceeding Expected Levels
- Primary Attainment: Writing Percentage Attaining or Exceeding Expected levels
- Primary Attainment: Mathematics Percentage Attaining or Exceeding Expected levels
- Number of awards achieved by young people participating in school and community based targeted programmes
- Percentage of pupils achieving Literacy and Numeracy at Level 5 or better by the end of S6
- Average cumulative Insight points for most deprived 30%
- Percentage of S4 roll with Insight points of 264 or fewer
- Increase the number of smokers supported to successfully stop smoking in the 40% most deprived SIMD areas

SOA₃

- % of total household waste that is recycled
- Number of tourist visits to East Renfrewshire
- Percentage reduction in Council controlled carbon emissions
- Percentage reduction in business mileage by Council employees
- Percentage of Council buildings with an identified "Building Responsible Person" responsible for site specific energy/carbon/waste reduction work.
- Percentage reduction in average consumption per street lighting unit
- Sustainable Procurement progress achieved measured against the Scottish Government's Flexible Framework for Sustainable Procurement
- Street Cleanliness Score

SOA4

- % of Licensed Premises passing Challenge 25 Integrity Test Level 1
- % of service users moving from drug treatment to recovery service
- Rate of common & serious assaults per 10,000 population
- Rate of antisocial behaviour complaints per 10,000 population
- Volume and rate of violent crimes, including sexual crimes, per 10,000 population
- Rates of domestic abuse incidents per 10,000 population
- Volume and rate of domestic housebreaking per 10,000 population
- Number of people self-directing their care

SOA5

- Rate of emergency inpatient bed-days for people aged 75 and over per 1,000 population
- % of those whose care need has reduced following re-ablement
- % of time in the last six months of life spent at home or in a homely setting
- Number of care home residents on Supportive Palliative Care Action Register (SPAR).
- % resident deaths occurring in East Renfrewshire care homes as opposed to hospital.
- % of time in the last six months of life spent at home or in a homely setting.

Customer

- % of the 18 service standards that are achieving the set standard (standards revised)
- Star rating for council website

Efficiency

- Total building maintenance requirement (backlog) per square metre of Gross Internal Area.
- Nil qualifications on the accounts given by External Audit
- Cost per attendance of sport and leisure facilities
- Cost per visit to libraries
- Cost of Parks and Open Spaces per 1,000 of the Population
- Cost per primary school pupil
- Cost per secondary school pupil
- Cost per pre-school place
- The gross cost of "children looked after" in residential based services per child per week
- The gross cost of "children looked after" in a community setting per child per week
- Balance of Care for looked after children: % of children being looked after in the Community
- Support services as a % of total gross expenditure
- Corporate and democratic core costs per 1,000 population
- Net cost of Waste collection per premise
- Net waste disposal cost per premises
- Cost of street cleaning per 1,000 population
- Cost of trading standards per 1,000 population
- Cost of environmental health per 1,000 population
- Cumulative recurring efficiency savings from PSE projects (£)
- Older Persons (Over 65) Home Care Costs per Hour
- Direct payments spend on adults 18+ as a % of total social work spend on adults 18+
- % of people aged 65+ with intensive needs (plus 10 hours) receiving care at home.
- The Net Cost of Residential Care Services per Older Adult (+65) per Week

People (no Employee Survey 2015, next survey 2016)

- Employee Survey- I would recommend the Council as a good place to work' % of employees who agreed or strongly agreed
- Employee Survey- I know my job contributes to the Council's objectives' % of employees who agreed or strongly agreed
- Employee Survey- I have a clear understanding of the Council's objectives' % of employees who agreed or strongly agreed

EAST RENFREWSHIRE COMMUNITY PLANNING PARTNERSHIP PERFORMANCE AND ACCOUNTABILITY REVIEW Tuesday 10 May 2016

East Renfrewshire Community Planning Partnership's Performance and Accountability Review takes place at least twice a year. This brings together senior representatives from community planning partner agencies — including East Renfrewshire Council, Skills Development Scotland, Scottish Enterprise, Scottish Government, Scottish Fire and Rescue Service, Police Scotland and Voluntary Action East Renfrewshire.

The purpose of the meeting is to review the performance of the Community Planning Partnership (CPP) against agreed targets, review strategic approaches to drive transformational change, implement the reforms to community planning, and agree and monitor improvement actions.

At the most recent meeting on 10 May 2016, Community Planning Partners discussed performance against SOA targets at end-year. Almost all the indicators are on target or have exceeded targets. There was also feedback from the outcome leads on the outcome improvement work on SOA outcomes 2, 3 and 4. This included details on progress made in SOA 2 for increasing participation of ethnic minority women in swimming, in SOA 3 around data sharing with partners, and in SOA 4 around redirection of noise calls. It was agreed that this work to progress the agreed stretch aims should continue in the current format with a progress report made to the CPP Board in June 2016.

The PAR group also discussed the Community Empowerment (Scotland) Act, the accompanying statutory guidance issued by Scottish Government, and the CPP response to the guidance. There was agreement to form a short-life working group to lead on the implementation of the Community Empowerment (Scotland) Act involving the five statutory partners named for governance and accountability (the local authority, HSCP, Police Scotland, Scottish Enterprise and Scottish Fire and Rescue Service) along with the local Third Sector Interface, Voluntary Action East Renfrewshire.

Table 1 contains a summary of the actions agreed at the PAR on 10 May 2016:

Table 1 (draft actions to be confirmed)

Agenda item	Action D	ue da	te l	Resp	oonsibility
CPP Self- assessment	To add evidence of work delivered in partnership and examples of community engagement and participation to performance reporting. In September 2016, a summary of the progress towards SOA outcomes will be published and partners will be invited to contribute case studies.	201 ong	otembe 6 and going.		Community Planning Team to lead. PAR members to contribute case studies.

End Year Reporting	Explore the opportunities to improve health and wellbeing through targeted community or place based approaches rather than tackling each health topic individually, building on the learning of the Early Years Collaborative. Report progress to PAR in November.	PAR November 2016	Julie Murray/Candy Millard and Mhairi Shaw
CE(S)A	Submit a joint CPP response to the CE(S)A statutory guidance issued by Scottish Government. Partners will provide CP Team with any responses from national bodies.	16 June 2016	CP Team to coordinate response. PAR members to provide national responses from their organisations to the CP Team.
CE(S)A	Partners to identify training requirements for community engagement. CP Team to coordinate and deliver.	Partners to notify CP team by end June 2016.	Partners and CP Team.
CE(S)A	Set up a short-life Working Group to lead the implementation of CE(S)A with representation from (the local authority, HSCP, Police Scotland, Scottish Enterprise, Scottish Fire and Rescue Service and Voluntary Action East Renfrewshire. Report progress to PAR in November	PAR November 2016	CP Team to coordinate. Named PAR members to participate.
CE(S)A	Invite representation from West College Scotland to attend the PAR.	PAR November 2016	Andy Cahill to identify, Lorraine McMillan to invite
MfI	Continue Model for Improvement approaches under the three agreed stretch aims and report to the CPP Board in June 2016 and the PAR in November 2016.	CPP Board June 2016 PAR November 2016	Outcome leads: Julie Murray, Mhairi Shaw, Andy Cahill and Angela Carty/Caroline Innes

Table 2 provides an update on previous actions agreed at the PAR in May 2015.

Table 2

Table 2	
Action	Update Note
Progress improvement action plan from CPP Self-assessment and report at next meeting.	Ongoing: The self-assessment actions are all in progress and are now part of the approach to implementing the Community Empowerment Act.
Share CPP Self-assessment findings with Improvement Service.	Complete : The Improvement Service are satisfied with our approach to selfassessment.
Complete and submit details of partnership groups operating under each SOA outcome.	Complete: A draft Partnership Map has been completed with input from PAR members. This will be maintained and regularly reviewed by the CP Team.
Continue Model for Improvement approaches under the three agreed stretch aims and report to the PAR and the CPP Board in May/June 2016.	Complete : Agreed that MfI work should continue and progress reported to the CPP Board in June 2016.
Progress with requirements of CE(S)A in anticipation of guidance and working towards the implementation timescale of summer 2016.	Ongoing: The guidance issued by SG is subject to a 12 week consultation period therefore the CP Team are coordinating a joint CPP response to the guidance issued in March 2016 and a short life working group set up to progress with the development of the implementation of the Act.
