

## **AGENDA ITEM No.04**

Report to:	<b>East Renfrewshire Cabinet</b>
Date of Report:	<b>7 September 2015</b>
Report by:	<b>Martin Gordon, Local Senior Officer ( LSO)</b>
	<b>Scottish Fire and Rescue Service</b>

Subject:	<b>Scottish Fire and Rescue (SFRS) Report</b>
----------	---

### **1. PURPOSE OF THIS REPORT**

The purpose of this report is to inform the East Renfrewshire Cabinet of Fire and Rescue performance and activities during the first quarter (April – June inclusive) of 2015/16, in support of Member scrutiny of local service delivery.

### **2. PERFORMANCE**

#### **2.1 Operational Activity Analysis**

The attached Scottish Fire and Rescue (SFRS) performance report (Appendix A) provides elected members with a Ward level analysis of the key areas of Fire and Rescue operational activity in the East Renfrewshire area, for quarter 1 of the 2015/2016 reporting year.

The following is a summary of activity analysis for the Key Performance Indicators (KPI) which are identified as priorities in the East Renfrewshire Local Fire and Rescue Plan 2014-17, and Annual Operating Plan 2014.

- There has been one fire fatality in the reporting period. This occurred on the 28 May in the Barrhead Area and involved a 70 year old male. This has been the first fire fatality in East Renfrewshire in the last five years.
- There has been 3 non-fatal fire casualties during the reporting period, however all 3 of these individuals were treated as a precautionary measure only.
- Accidental dwelling fires have decreased from 21 to 19 during the reporting period as compared to previous reporting year.
- Deliberate fires have increased from 44 to 58 and this is mainly due to the increase in primary fires. There has however been a reduction in deliberate vehicle fire with none this reporting period.
- There have been a total of 10 fires in non-domestic properties which include commercial, industrial and local authority buildings.
- There has been a 11% decrease in the number of special services.
- The total number of false alarms attended has slightly increased from 95 to 111. This is mainly due to calls of good intent, or equipment failure, and will remain a key area of improvement for SFRS in the coming months.

### **3. PRIORITIES & INTERVENTIONS (2015/16)**

SFRS is committed to working in partnership with Community Planning partners in the public, private, and voluntary sectors in order to work together for a safer Scotland. Strengthening our relationship with and working in partnership to add value to our communities is critical to the success of our strategy.

The following activities are illustrative of SFRS activities in terms of educational activities and interventions:

*Home Fire Safety Visits (HFSV)* - SFRS personnel delivered 490 HFSV in East Renfrewshire in the current reporting period where SFRS staff conducted risk assessments, provided safety education and fitted free smoke alarms, where required. Of these visits 269 were deemed as High Risk and all sheltered complexes within the area remain a focus with all residencies receiving a visit. Linkages with East Renfrewshire's 19 sheltered complexes which incorporate 552 individual flatted properties have commenced and currently 4 sheltered complexes have been covered with a total of 120 HFSV's carried out, all high risk, which equates to a 95% success rate of available tenants.

Telecare installations continue with SFRS staff conducting home visits twice weekly.

*Unwanted Fire Alarm Signals* – SFRS are continuing to work closely with local Housing Associations to help reduce the number of unwanted fire alarm signals and equipment faults, particularly in Sheltered Housing Units, and to promote HFSVs to vulnerable clients in Independent Living Accommodation.

Partnership engagement - Partnership links continue to be expanded upon with East Renfrewshire CHCP Drugs and Alcohol Partnership and East Renfrewshire Council. A referral process has been established for their clients and as part of the partnership agreement is the delivery of formal fire awareness/risk training to operational staff from both health and social work.

The SFRS Community Action Team team are working closely with Youth Services and have begun to deliver FireReach courses to young people at risk of offending who would benefit greatly from a FireReach course. The next course is scheduled to take place on 29 September.

The Early Years resources launch event for nursery provision across East Renfrewshire took place on 15<sup>th</sup> May at Clarkston Community with representatives from nursery providers from all over East Renfrewshire. A demonstration of the fire safety aspect of Go Safe Scotland was given to the nursery providers. Fire Kit was also handed out to the nursery providers as an extra resource they can use when delivering the fire safety message.

A review has now taken place of the 2015/16 Annual Operating Plan for SFRS within East Renfrewshire with outcomes and actions identified for this operating year.

Her Majesty's Fire Inspectorate also carried out a review of SFRS Community Safety engagement within East Renfrewshire and although the formal report has not been published, the feedback is very positive.

### **4. RECOMMENDATIONS**

The Cabinet is asked to note the contents of this report and its appendices.
