### **BACKGROUND AND REPORT**

### **Departmental Objectives for Charging**

3. In previous years the majority of the charges were set at a level to ensure that the full costs to the department were being recovered. More recently where it was thought there would be no detrimental effect on the up-take of a service, charges have been increased to generate additional income. This year, charges have been generally increased at 3.7% to reflect inflationary pressures across 36 charging areas.

#### Services Reviewed and Proposed Charges for 2022/23

4. The department currently has 47 services where charges are applied. Five of these services are nationally prescribed leaving 42 services to be reviewed. As part of the annual review exercise, there was no service where it has been decided to remove charges. No changes are proposed to 6 areas where reviews were previously carried out.

5. The department is currently seeking clarification on burial of children. At present, there is no charge for residents of East Renfrewshire and we have now received confirmation that there should be no charge regardless of residency.

6. Neighbourhood Services have installed sanctums and towers within Neilston Cemetery. When service is near to commencing they will provide a separate report including costings to Cabinet. Housing Services also expect to introduce a new statutory service from October 2021 on Short Term Let Licensing, the service is currently working with Scottish Government on the scheme and fees, this will also be the subject of a separate report in due course.

7. The Animal Welfare (Licensing of Activities Involving Animals) (Scotland) Regulations 2021 have come into force and change local authorities' statutory duties. These new regulations replace previous legislation covering pet sales and dog breeding and introduce new licensing requirements for cat and rabbit breeders, animal welfare establishments (such as animal sanctuaries and rehoming centres) and other pet rehoming activities, subject to operators meeting the licensing threshold for each activity. A further Report will be submitted seeking approval to modify the fee charges for animal welfare in accordance with the requirements of this new legislation.

8. In the table below, the following codes are used to denote the Charging Classification and Policy for 2022/23 in respect of each service area:

### Classification:

- i) To accord with policy/strategy
- ii) Market-based charge
- iii) Statutory charge

### Charging Policy:

- a) charge to recover full cost
- b) charge to recover specific part cost (e.g. all direct costs)
- c) charge to make contribution to service revenue
- d) charges which are nationally prescribed

### FINANCE AND EFFICIENCY

9. The impact of the proposed fees and charges on levels of use, and levels of income, will be taken into account in the preparation of revenue budgets for 2022/23.

### CONSULTATION

10. This report has been prepared in consultation with the Finance Department and where appropriate benchmarking was carried out to compare costs of services provided by other Councils and the private sector.

### PARTNERSHIP WORKING

11. There was no partnership working associated with this report.

### IMPLICATIONS OF THE PROPOSALS

### Equalities

12. An equality impact assessment has been carried out and there are no equality implications in relation to the proposed charges for service provided by the department.

### CONCLUSIONS

No new charge is proposed. We propose to increase 36 charging areas at 3.7%, no 13. charges have an above inflation increase and six charges with a no change to charge.

### RECOMMENDATIONS

# **BUILDING STANDARDS SERVICE – PROPOSED CHARGES FOR 2022/23**

LETTER OF COMFORT FEES FOR UNAUTHORISED WORKS CARRIED OUT PRIOR TO 1<sup>st</sup> MAY 2005

Unauthorised works carried out prior to 1<sup>st</sup> May 2005 will be charged as follows.

Works up to the value of  $\pounds$ 50,000 a flat fee of  $\pounds$ 495 will be payable. This covers the initial inspection and 1 return visit if necessary. Any additional inspections will be charged at  $\pounds$ 147.40 per visit.

For works with a value which exceeds £50.000 the building standards service should be contacted for advice.

The value of work will be estimated in accordance with the BCIS Quarterly publication of construction costs. The inspecting surveyor will measure the works at the time he/she visits the property, and the applicant will be advised if there is any adjustment required to the fee due to incorrect measurements. The fee paid covers the initial survey and one subsequent inspection if required. Usually, the initial inspection and follow up inspection are sufficient to allow the letter of comfort to be issued. Any further inspections will be charged at £147.40 per inspection.

For works where the floor area of the property has not been increased, the minimum fee will apply.

As a result of the inspection, we may require the applicant to provide third party certification for the works, such as a structural design certificate from a qualified structural engineer. In the case where electrical works have been carried out, these may be required to be tested and certified by an approved electrician and a copy of the electrical certificate passed to the building standards surveyor prior to the letter of comfort being issued.

Remedial works may be required in cases where minimum building standards have not been met. The inspecting surveyor will advise if any works are required to obtain the letter of comfort.

### **Expired Building Warrants**

Works carried out with the benefit of a building warrant, applied for prior to 1<sup>st</sup> May 2005, which has subsequently expired without a certificate of completion being issued can be covered using the letter of comfort system, providing that the works have been carried out entirely in accordance with the stamped approved plans issued with the original building warrant. The fee for this service is £287.25. This will cover administration, the initial survey and one subsequent inspection if required. Any further inspections will be charged at £147.40 per inspection. If the works are not in accordance with the approved plans then the fee charged will revert to the fees for unauthorised works above.

### Building works prior to 1982

Works carried out prior to 1982 can be covered by a letter of comfort. The fee for this service is  $\pounds$ 147.40 and does not require a survey or inspection.

### Important Information

The letter of comfort scheme will cover works up to a value of £50,000. Any unauthorized works valued above £50,000 will require a formal Late Completion application together with plans and certification as may be required to assess the works.

Cheques should be made payable to East Renfrewshire Council and should accompany the application. Applications payed for by cheque will not be processed until the cheque has cleared, This may take up to 10 working days. Debit card payment can be made by phoning 0141 577 3008.

Applications received without the appropriate fee will not be processed.

### Building Warrant Exemption Letter (Service No. 25)

CONFIRMATION OF EXEMPTION OF BUILDING WORKS FROM BUILDING WARRANT APPROVAL

Exemption Letter without site inspection

£147.40 administration fee

Exemption Letter with site visit

£287.25 (Exemption letter administration fee plus 1 non statutory inspection fee)

### NOTES

Although works may be exempt from requiring a building warrant, they still require to be built in accordance with building regulations. If the works as inspected do not meet the regulations you will be required to carry out remedial works to bring them up to standard

Where it is found that the works would have required a building warrant, you will be asked to apply for a Late Completion Certificate (where the works were carried out after 1<sup>st</sup> May 2005) or, a Letter of Comfort (where the works were carried out prior to 1<sup>st</sup> May 2005). You may also be asked to carry out remedial works to bring the building up to current building regulations. There are also additional fees to be paid. The extent of the works may require drawings to be submitted and processed at the applicant's expense. Building Standards Surveyors will advise you further if you require to apply for either a Late Completion or a Letter of Comfort.

An inspection of works may result in statutory action being taken if the works are found to be unsafe or a significant breach of building regulations
