Geese by Balgray Reservoir

1. Start from the car park on Balgraystone Road by turning left onto a path signposted for Balgray Reservoir. Alternatively you can access the start of the route from Springfield Road (Barrhead), along the Balgraystone Road path opposite St Luke's School.
2. Follow the path anti-clockwise around Balgray Reservoir along a firm track and over 3 bridges, for just over 1 mile.
3. As you approach Aurs Road, the draw off tower at the northern side of the reservoir, which is a Grade B listed building, is particularly prominent.
4. Return following the same route.
5. The path continues on the other side of Aurs Road if you want to explore the rest of the Barrhead dams. Please take extra care if you are crossing Aurs Road as it can be very busy with traffic.
