In Health and Social Care East Renfrewshire

Using our lived experience to help improve local health and social care service

We are a group of local people and organisations within East Renfrewshire who work together with the Health and Social Care Partnership (HSCP) to inform and improve local health and social care services. The HSCP delivers local health and social care services for the residents of East Renfrewshire

Our Next meeting is on:

Wednesday 9th August
Voluntary Action, 56 Kelburn St
Barrhead
1pm till 2.30 pm.

We will have Joanne from the **Technology Enabled Care Team** along to update on what they are doing.

If you would like to attend please contact us first to give us your details.

Your Voice have produced a **Guide to Good Practice** which aims to help any public members settle into a new or existing group and for that group to encourage public participation and engagement generally.

This has been informed by our experience of being part of various other groups over the years. Please contact us if you would like a copy.

Could you be a public representative on East Renfrewshire Integration Joint Board (IJB)?

The IJB is the main decision making body for all health and social care services in the area and has representation from the HSCP, NHS, Councillors public members and more.

There is currently an opportunity for a public member with lived experience of using services to give and represent views and opinions on behalf of the public.

If you live in East Renfrewshire and are interested in finding out more please contact us and we can explain more about the opportunities and expectations of the role and support to attend.

There are usually 6 meetings a year. These are currently online at the moment.

We are always looking to grow our Your Voice membership. We would like to encourage anyone who lives or work in East Renfrewshire, and who may be interested, to come along to one of our meetings and find out more about what we do.
